

ENVIRONMENTAL POLICY STATEMENT

Environmental Policy Statement

At British International Industries we are committed to operating our business in an environmentally responsible and sustainable manner. Environmental management is regarded as an integral part of our business operations and decision-making processes.

We acknowledge our responsibility to minimise the environmental impact of our activities and are committed to continual improvement in environmental performance across all areas of the organisation.

To achieve this, the Company will.

- Comply with all applicable environmental legislation, regulations, and relevant industry standards.
- Identify, assess, and manage the environmental impacts associated with our operations, products, and services.
- Promote the efficient use of energy, water, raw materials, and other natural resources.
- Minimise waste generation and maximise reuse and recycling opportunities wherever practicable.

- Reduce emissions, pollution, and other environmental risks arising from business activities.
- Encourage environmentally responsible procurement and supply chain practices.
- Provide employees with appropriate training and awareness to support environmental objectives and responsibilities.
- Establish measurable environmental objectives and regularly monitor performance against these targets.
- Review this policy periodically to ensure its continued suitability, effectiveness, and alignment with business objectives.

Senior management retains overall responsibility for the implementation of this policy and for ensuring that environmental considerations remain embedded within the Company's operational and strategic activities.

This policy is communicated to all employees and made available to relevant interested parties upon request.
